BUDGET MESSAGE

SHORT AND LONG TERM PROGRAMMATIC GOALS

The adopted fiscal year 2016/2017 Budget reflects the stated **mission** of the Town Council and Board of Finance **to provide quality town services at a reasonable cost to citizens and taxpayers**. The mission and goals are reviewed each year as part of the budget process. Short and long-term programmatic goals are discussed below. A comprehensive ranking of Avon's revenues, expenditures and other economic data as it compares to Connecticut's other 169 local governments was last provided in fiscal year 2009/2010. Unfortunately, the data sources for this information are no longer being compiled and published. Accordingly, this information is no longer included in the budget document. Towns and Cities which are demographically similar and geographically near Avon are listed on A.23.

LONG-TERM PROGRAMMATIC GOALS

MISSION

Provide quality town services at a reasonable cost to all citizens and taxpayers.

Long Term Goals

- 1. Provide continuity in planning and development, as the community approaches build out, by: using an approach toward guiding growth as it naturally occurs, rather than artificially blocking or stimulating development;**
- 2. Ensure long-term fiscal stability and programmatic effectiveness by providing professional management of the Town's programs and finances resulting in effective and efficient delivery of quality Town services at a low tax rate;**
- 3. Provide a quality educational system with a caring and supportive learning environment by ensuring both high faculty standards and superior educational facilities, resulting in well-prepared students capable of successfully entering the nation's most competitive colleges and universities as well as competing in today's increasingly sophisticated world;**
- 4. Provide a safe, secure and pleasing environment where people can live, work and play in harmony with their surroundings.**

In June 2011, for the second straight year, Hartford Magazine rated Avon the "best" Town in the Hartford Region in the population category of 15,000 to 30,000. In the same issue, Avon was also named the best overall Town in the Capitol Region, which consists of 30 municipalities. In June 2011, Newsweek reported that Avon High School ranked as the 281st best high school in the United States, and was one of five Connecticut high schools ranked in the Top 300.

In 2009, Connecticut Magazine rated Avon fourth statewide in its "Rating the Towns" article. Avon was the highest ranked town in Hartford County. In 1999, 2000, and again in 2004, Connecticut Magazine rated Avon the second best Town in Connecticut (in the 15,000 to 25,000 population category).

A comprehensive impartial town-wide survey of Avon residents professionally administered in 2004 by the University of Connecticut Center for Survey Research and Analysis found that 99% of residents rank Avon's quality of life as good or excellent. A follow-up study of Avon Businesses conducted in 2005 in conjunction with the Avon Chamber of Commerce by the same center found that 89% of Avon businesses found Avon a good or excellent place to do business.

Town of Avon Goals, Practices and Policies

The Town Council and Board of Finance, in partnership with the management team, work together to set goals and objectives that underpin policies and inform practices in order to maintain Avon's AAA bond rating and ensure that prudent fiscal stewardship and best practices are standard operating procedure. The following practices and policies, in conjunction with the adopted mission and goals listed on pages IV through VI of the Budget Message, influence, shape, and direct the Town's approach to financial management:

Operating Management

- Town policy (see pages S.18 – S.21): Cash and investments will be maintained in accordance with the Town Charter and the adopted Investment Policy to ensure that proper controls and safeguards are maintained. This policy does not cover the financial assets of the pension plans.
- Town practice: Identify alternatives to current service delivery where departments, in cooperation with the Town Manager's office, will identify activities that could be provided by another source and review service delivery alternatives on an "opportunity" basis.

Revenue

- Town practice: Revenues will not be dedicated for specific purposes unless required by law or Generally Accepted Accounting Practices (GAAP).
- Town practice: Reliance on State aid and grants are minimal. Inconsistent or fluctuating grants should not be used to fund ongoing programs.
- Town practice: User fees and charges (i.e.: Recreation Activities Fund, Sewer Fund, Police Special Services Fund) are examined on a cyclical basis to make certain all direct and indirect costs are recovered.

Operating Budget and Expenditure

- Town policy (refer to Town Council Policy No. 3.1): Purchasing Policy establishes a systematic and uniform system for the procurement of service, supplies, materials, equipment and other commodities required by any department, office or agency of the Town other than the BOE.
- Town practice: Funding basis is derived from current revenues and fund balances carried forward from the prior year, after reserve requirements are met.
- Town practice: The utilization of a financial operating plan estimating expenditures for providing services, and the proposed means of financing them. A balanced budget limits expenditures to available resources.
- Town practice: Consider a cost effective strategy- contracting private (Services & Supplies) services providers (i.e.: janitorial, grounds, snow maintenance, etc.) and joint effort strategies with the school district, other municipalities and agencies.

Capital Management

- Town practice: Capital Improvement Program, where a five-year Capital Improvement Program (CIP) will be developed and updated annually, including anticipated funding sources. Capital improvement projects are defined as infrastructure or equipment purchases or construction that results in a capitalized asset costing more than \$20,000 with an expected life (depreciable life) of at least five years.
- Town practice: Pay-as-you-go Capital Improvement Program financing is defined as all sources of revenue other than Town debt issuance. The debt service program capacity from the retirement of debt is shifted to the capital pay-as-you-go line items to restore the Capital Improvement Program.

BUDGET MESSAGE

Debt Management

- Town policy (see page S.9): True or Operating Lease Policy establishes criteria when considering a true or operating lease. By allowing the Town to lease rather than purchase, the lease offers more flexibility in terms of adjusting to changes is treated as an operating expense in the income statement and does not affect the balance sheet.
- Town policy (see pages S.10 through S.17): The Debt Policy establishes parameters and guidance to make decisions on capital spending and issuance of debt as a means to fund them. In order to minimize debt service expenditures, the Town shall endeavor to take appropriate actions to maintain its “Aaa/AAA” credit ratings from Moody’s and Standard & Poor’s.
- Town practice: Prior to new debt, the Financial Advisor presents debt modeling and performs analysis showing how new issued and current debt impacts the Town’s debt capacity; conformance with Town debt policies will accompany every future bond issue proposal.
- Town practice: To keep per capita debt at an acceptable level to municipal securities rating agencies.
- Town practice: To retire 50% of debt within 10 years.
- Town practice: Bond interest earnings will be limited to funding changes to the bond financed CIP, or be applied to debt service payment on the bonds issued for CIP.

Fund Balance and Reserves

- Town policy (see page S.22): The Town established a General Fund Unassigned Fund Balance Policy with a goal of 10% Unassigned Fund Balance.
- Town policy (see page S.22): Use of Unassigned General Fund Balance Policy where any use of “surplus” should only be considered after a showing of substantial support for such use by the requesting authority. Approval of any request shall be given upon a finding that such use will meet an extraordinary need or unusual opportunity, and that such use will result in a tangible significant benefit to the Town.
- Town practice: 10% of annual Special Revenue Funds operating expenditures reserved for unforeseen emergency expenditures.
- Town practice: Self-insurance reserves will be monitored by a health consultant from a qualified actuarial firm, who will be retained, on an annual basis, and who provides recommendations on appropriate funding levels.
- Town practice: All fund assignments and reserves will be evaluated annually for adequacy and use requirements. As an example Assignment of General Fund Balance, generated from the sale of assets, is assigned and to be used for future capital asset purchases.

Financial Reporting

- Town practice: Submit Town’s Comprehensive Annual Financial Report (CAFR) to the Government Finance Officers Association (GFOA) Certification of Achievement for Excellence in Financial Reporting Program.
- Town practice: Submit annual adopted budget to the GFOA Distinguished Budget Presentation Program.
- Town practice: Financial reporting on a monthly, quarterly, and end-of-fiscal year basis.

BUDGET MESSAGE

The adopted fiscal year 2016/2017 budget includes the following short-term financial goals and budget assumptions:

I. Fiscal Year 2016/2017 Operating Budget

a. Revenues: (For Details See Tab B)

1. Property Tax and Assessments: The following goals and assumptions have been made in estimating both Property Tax and Assessment Revenues for fiscal year 2016/2017:
 - Grand List Growth (assessed valuation of Real and Personal Property) at the time of budget preparation was estimated at \$14,701,750 or a .57% increase. The Assessor subsequently filed the grand list with an increase of .57% or \$14,904,580.
 - In fiscal year 2016/2017, Supplemental Real Estate revenue is budgeted at the 2015/2016 level; Supplemental Vehicle tax revenue is budgeted at \$450,855 for 2016/2017 or a \$35,745 increase.
 - Assessment Appeals and Tax Refunds will approximate 1% of tax revenues;
 - Property Tax Collections will exceed 98.5% with the reserve for uncollectible at \$595,565; and
2. Licenses, Fees and Permits: Revenues from Licenses, Fees and Permits are projected to increase by \$75,620. This is primarily due to projected increases in Building Permit and Recording and Conveyance Tax Receipts.
3. State and Intergovernmental Grants: This category reflects a net reduction of funding in the amount of \$242,426 or -4.86%. The most significant reduction reflected in the adopted budget is \$473,211 from the Education Cost Sharing Grant. This anticipated reduction was offset by a combination of anticipated revenue increase and expenditure reductions. An increase of \$198,535 is also budgeted in Town Aid Road. Although Avon receives a small portion of its total revenues from state grants, reductions in these grants do impact Town services.
4. Charges for Current Services: This category reflects a net reduction of \$57,119. The most significant reduction impacts BOE Cafeteria Sales-Special Revenue Fund #14 in the amount of \$69,223.
5. Other Local Revenues: Net reductions in this category equate to \$67,186. Interest on Investments is budgeted for a slight increase of \$10,000 to \$100,000.

BUDGET MESSAGE

6. Other Financing Sources: As was also the case in fiscal year 2015/2016, there is no budgeted or planned use of General Fund Unassigned Fund Balance in the adopted fiscal year 2016/2017 budget. Due to favorable tax collections, intergovernmental revenues and charges for services in fiscal year 2014/2015, various assignments in the General Fund were approved. Fund Balance Assigned to Capital Reserve in the General Fund is budgeted in the amount of \$120,000 to partially offset the adopted fiscal year 2016/2017 Capital Budget.

b. Expenditures: (For Details see Tab C):

1. Personal Services:

FY 14/15	FY 15/16	FY 15/16	FY 16/17
\$15,211,928	\$15,706,196	\$16,555,525	\$17,213,938

Personal services wages and benefits comprise 73.89% of the Town Operating Budget.

- a. Wages and Salaries: The total number of authorized full-time employees consists of 106 positions however 104 positions are funded with one authorized Police Lieutenant and one C-Squad Officer remaining unfunded. Overall wages increased by \$285,139 as compared to fiscal year 2015/2016 representing a 2.92% increase. An in-depth discussion on wages and salaries can be found on page C. 4.

b. Benefits:

Benefits continue to be a major part of Personal Services costs. The fiscal year 2016/2017 budget includes:

- A substantial increase (\$252,922, 9.30%), for the seventh year in a row, to the Defined Benefit Plan (closed in 1997). The interest rate has been reduced from 7.375% to 7.25%; the reduction accounts for \$31,000, or 12.26%, of the overall Defined Benefit increase. Additional reductions to the interest rate assumptions will be required in the future.
- Defined Contribution Benefit Plan contribution increased by \$38,544 due in part to a greater percentage of Town employees participating in this plan as retirements of Defined Benefit employees occur as well as negotiated contractual increases in the contribution percentage.
- Hospitalization funding increased by \$84,736; however, the total impact continues to be mitigated by approximately twenty-seven (29) employees opting out of the Plan through the Town's Health Insurance Waiver Program.
- The Retiree Health increase of \$136,730 is twofold driven first by an annual increase of \$125,000 toward the required OBEB contribution and secondly by an additional \$11,730 to support active retiree funding.

2. Supplies and Services:

FY 13/14	FY 14/15	FY 15/16	FY 16/17
\$5,617,160	\$5,741,411	\$5,882,756	\$6,025,171

The Services and Supplies portion of the Town's municipal budget totals \$6,025,171 for fiscal year 2016/2017, an increase of \$142,415 (2.42%). In order to efficiently manage

BUDGET MESSAGE

the budget, the Town has contracted for private services in the past where analysis shows that this is the most effective way to provide basic services, and it will be continued this year. The increase in cost is due to contractual services, fire hydrant rentals and an increase in the operating grant to the Avon Volunteer Fire Department.

3. Capital Outlay:

<u>FY 13/14</u>	<u>FY 14/15</u>	<u>FY 15/16</u>	<u>FY 16/17</u>
\$22,837	\$47,075	\$53,880	\$56,409

Capital Outlay includes capital items of less than \$20,000 with a life expectancy of less than five (5) years. Capital Outlay represents 0.24% of the operating budget.

b. Debt Service

The Town Debt Service Budget is \$2,779,790 a decrease of \$521,150 or -15.79% from fiscal year 2015/2016. The gross obligation of \$3,029,790 is offset by the use of \$250,000 in accumulated bond and note sale premium (noted in Tab M). \$250,000 in accumulated bond and note sale premium was also used to offset the gross debt service obligation in fiscal year 2015/2016.

Approximately 80% of the Town's Debt Service is committed to the Town's support for its educational facilities, while 20% has been allocated for non-educational projects. The decline in debt service reflects the planned retirement of debt. While the Town has not been able to take advantage of the interest rate situation from a revenue standpoint, the low interest rates have been advantageous in issuing debt. It is the Town's intent to keep its per capita debt at a level acceptable to municipal securities rating agencies and to retire its debt rapidly.

This approach rewarded the Town in June 1998, with AAA/Aaa ratings from both Standard & Poor's and Moody's (the first such upgrade in Connecticut by Moody's in nineteen years). This rating was reaffirmed by both rating agencies in June 2002, Standard and Poor's in 2005, by both agencies in 2008 and 2009. In October 2012 and 2016 both Moody's and Standard and Poor reaffirmed the AAA rating with a stable outlook.

RESERVES

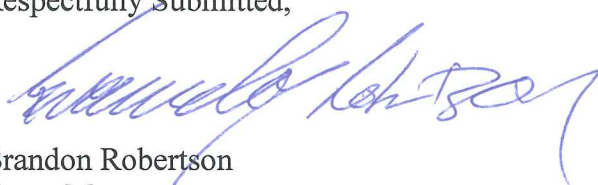

Use of Undesignated General Fund Balance:

The Town's General Fund Unassigned Fund Balance for the fiscal year ending June 30, 2015 amounted to \$8,003,009 or 9.17% of fiscal year 2014/2015 General Fund expenditures and transfers out. The adopted goal of the Town Council is to maintain a level of unassigned fund balance equal to 10% of the current year adopted budget. No use of unassigned fund balance was budgeted for fiscal year 2015/2016 and no use of fund balance has been budgeted for fiscal year 2016/2017.

Budget Message Conclusion

The annual budget process provides the community with the opportunity and means to review past accomplishments and identify collective goals and objectives for the future. The fiscal year 2016/2017 budget process began in August 2015. The energy, time and resources spent in the budget's creation will be reflected in products purchased and services delivered during the next year. Objectives established in years past have been met, revised or reaffirmed. New objectives have been adopted where appropriate.

Respectfully Submitted,

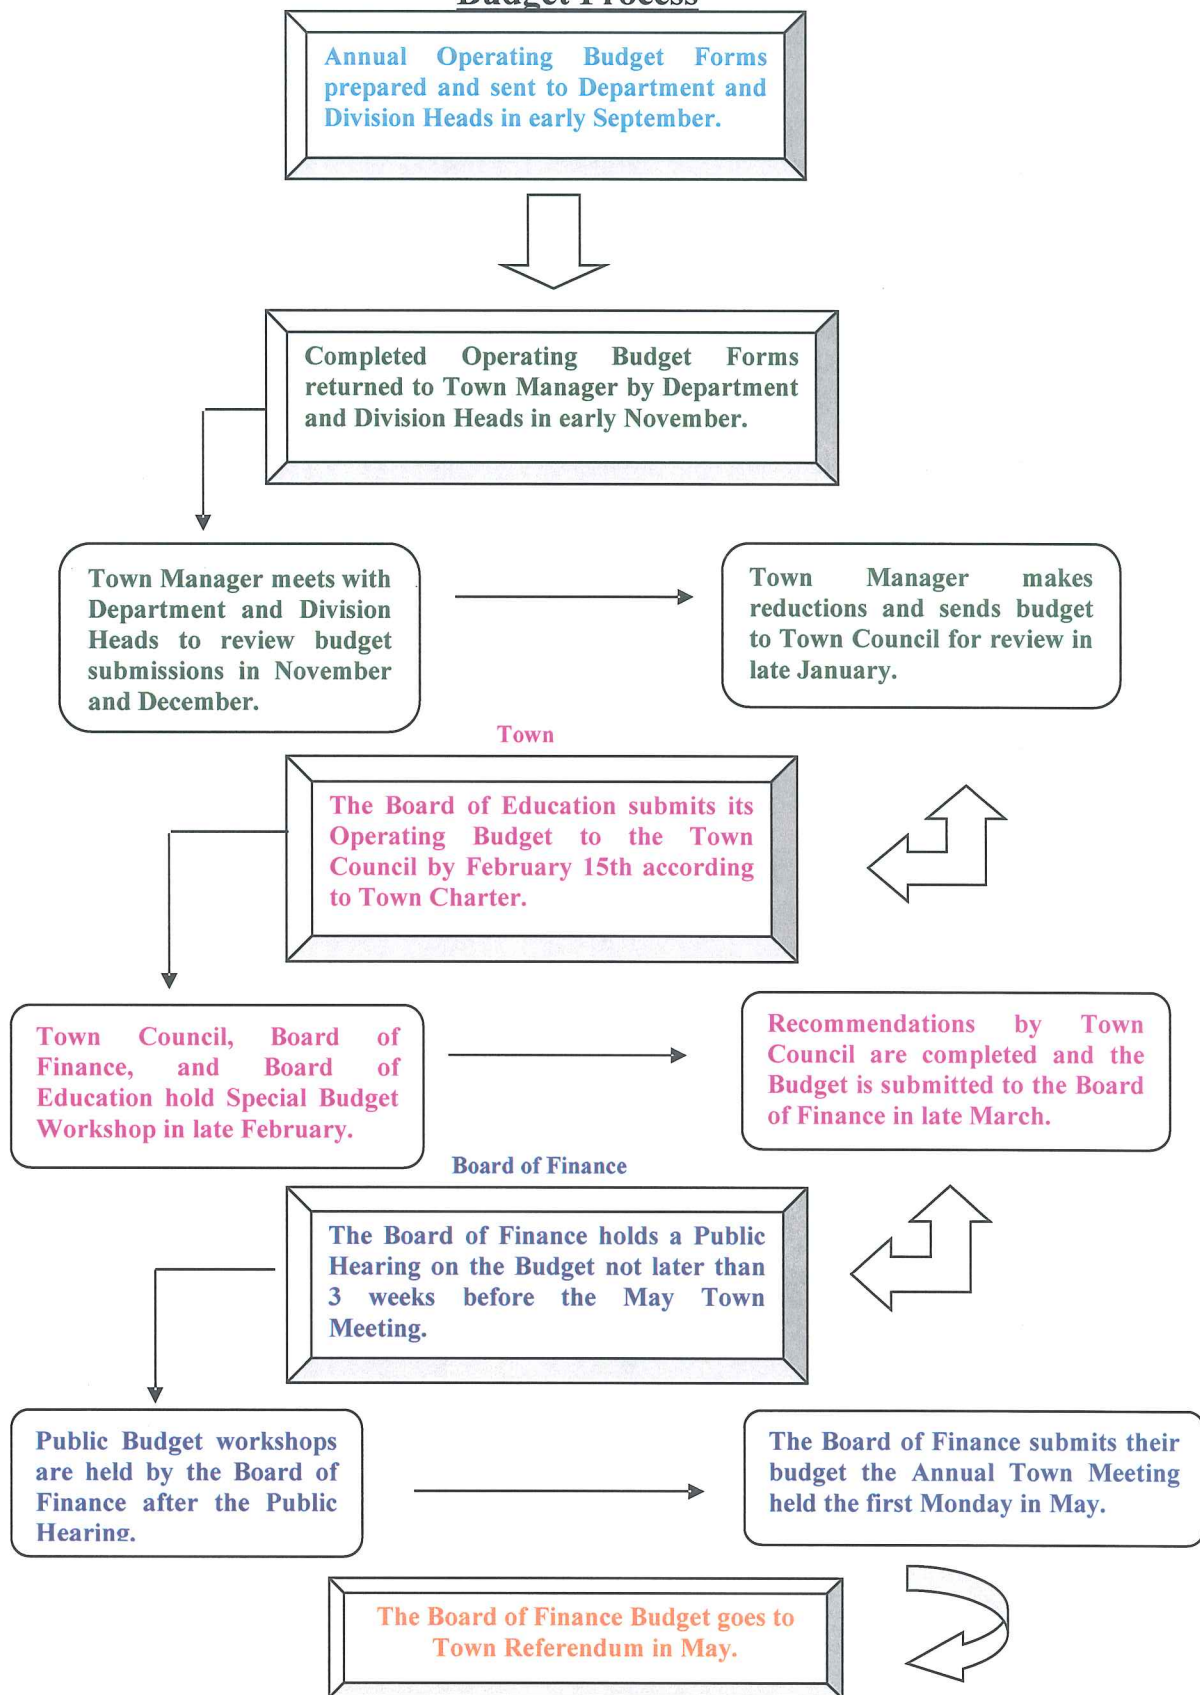

Brandon Robertson

TOWN OF AVON – BUDGET OVERVIEW

AVON'S BUDGET PROCESS

AN OVERVIEW

Avon's Town Charter, which was adopted in 1959 in accordance with the Connecticut General Statutes, and amended in 1964, 1969, 1975, 1980, and 1998, governs the Town's budgetary procedures. Where the Charter is silent, state law governs financial activities the Town might undertake or enter into. The specific legal requirements of the respective offices, agencies, boards and commissions with regard to the budget process are outlined below, as well as a calendar depicting both the recommended and mandatory dates on which actions must occur.

In reality, the budget process is a priority-setting process: defining and prioritizing needs, evaluating alternatives, and then funding or staffing the appropriate alternative to meet the needs. For Town Departments, this begins in August of the year preceding the budget year. At that time, the Town Manager's Office distributes its budget guidance to all departments, agencies, boards and commissions of the Town. The budget guidance includes the budget calendar (usually adopted by the Council in early August), appropriate forms, and any special instructions or policy guidance that would affect the selection, prioritization, staffing requirements or implementation of the budget process.

Capital Budget requests, including those of the Board of Education, are submitted earlier than operational budgets in order to allow the Town Council, Board of Finance and interested citizens an opportunity to hear Department Heads explain and justify their requests in public. A series of public meetings are scheduled beginning in October and extending through late November for these presentations. After the presentations are completed, the Town Manager prepares a recommended Capital Improvement Program that includes Board of Education projects. This program is then submitted to the Town Council for review and modification, if appropriate, in conjunction with the Town Manager's recommended operating budget in late January. The Town Council then establishes an informal schedule of budget work sessions to review, discuss and revise the Town Manager's Operating and Capital Budgets. These work sessions are open to the public and comments on the budget by interested groups or individuals are welcome.

During this same period, the Board of Education and Superintendent of Schools has been preparing the Board of Education's Operating Budget for submission to the Town Council. While the Town Council cannot directly modify the Board of Education's budget, they can make recommendations to the Board of Finance and the Town Meeting. The Board of Education must submit its budget to the Town Council by February 15th.

Upon completion of its review, the Town Council makes appropriate adjustments and formally recommends a consolidated (Town and Board of Education) budget to the Board of Finance. The Board of Finance conducts a Public Hearing in accordance with the Charter, followed by several public meetings to review, in detail, the consolidated budget. The public once again has an opportunity for input (at the Public Hearing) and during the Board of Finance work sessions. After a review of the Budget, the Board of Finance makes what it feels are appropriate adjustments to the budget and recommends a budget to the Annual Budget Meeting in May, which is then adjourned to a referendum.

TOWN OF AVON – BUDGET OVERVIEW

The Annual Budget Meeting allows for further explanation and input to the budget prior to the referendum, in accordance with the Charter. Once adopted, the Budget takes effect on July 1, beginning the fiscal year. Amendments to the adopted budget can be made in several ways as follows:

- (a) Section 9.5.1 (e) of the Avon Town Charter allows the Board of Finance to make additional appropriations from unappropriated general fund resources upon favorable recommendation of the Town Council and certification from the Town Manager that such funds are available.
- (b) Section 9.5.1 (g) of the Avon Town Charter allows the Board of Finance, upon favorable Recommendation of the Town Council, to make emergency appropriations not exceeding four per cent of the current tax levy 'for the purpose of meeting a public emergency which threatens the lives, health or property of citizens.'
- (c) Other amendments to the Town Budget are made in the same fashion, and in accordance with the Charter, as the Annual Budget. These are provided below under 'Legal Requirements'.

The budget process is dynamic and lengthy, with plenty of opportunity for public input. Specific questions concerning the budget process are welcome, and interested citizens or groups are urged to contact the Town Manager's Office for details.

LEGAL REQUIREMENTS OF THE TOWN CHARTER

Section 9.1.1 of the Avon Town Charter deals with the duties of the various Town Agencies, Boards, Departments and Commissions with respect to the Budget and reads as follows:
